EXPLORE THE END OF THE WORLD

Visit to Frutillar & Puerto Octay

We will meet you at your hotel in the morning to begin an overview of the city's most relevant places. Then we will continue to Frutillar, first taking the highway and after a detour to get to a road bordering the Llanquihue lake, which will take us through rolling farming hills, old farm houses and beautiful landscape. Frutillar is a small and beautiful town where the influence of the German settlers can be seen in the wooden buildings and culture. Visit to the Colonial German Museum in town. Time to walk and shop in the many artcraft shops available. Lunch in town. After lunch the tour will continue to Puerto Octay, a nearby farming village on the banks of the Llanquihue lake, which is located in one of the most beautiful settings of the area. Rolling hills will welcome the visitors. Then we will start our way back visiting Puerto Varas, where there will be time to walk the town and enjoy the view of the lake and the volcano. After this our trip will take us back to Puerto Montt in order to visit Angelmo, the craft market close to the pier. This is a long block of small shops where artcrafts are sold, mainly woolen items and lapislazuli jewelery. After shopping it will be time to go back to your hotel.
