R. EXENTA Nº _____/ VISTOS: Informe Técnico

Nº 93703 denominado "Implementación y Regularización de Inscripción en el Registro Pesquero Artesanal de acuerdo a lo establecido en la Resolución Exenta Nº 3115 del 12 de Noviembre del 2013 (Implementación del Numeral Cuarto de las letras a) y b) peces y crustáceos y letra c) recursos bentónico) remitido por el Departamento de Pesca Artesanal con fecha 26 de octubre del 2016; el D.F.L. Nº 5 del año 1983 y sus modificaciones, y la Ley General de Pesca y Acuicultura Nº 18.892 y sus modificaciones, cuyo texto refundido coordinado y sistematizado fue fijado por el Decreto Supremo Nº 430 del año 1991, ambos del Ministerio de Economía, Fomento y Reconstrucción, actualmente, Ministerio de Economía, Fomento y Turismo; Resolución Exenta Nº 3115 del 12 de noviembre del 2013 de la Subsecretaría de Pesca y Acuicultura y sus modificaciones; la Ley Nº 19.880, que Establece Bases de los Procedimientos Administrativos que Rigen los Actos de los Órganos de la Administración del Estado y la Resolución Nº 1.600 de 2008 de la Contraloría General de la República.

CONSIDERANDO:

Que, el inciso segundo del artículo 50º de la Ley General de Pesca y Acuicultura establece que *"La Subsecretaría establecerá, mediante resolución, la nómina de pesquerías y las especies que la constituyen por región, el respectivo arte o aparejo de pesca y categoría de pescador artesanal que la puede extraer, y que conformarán el Registro Artesanal. Dicha nómina se deberá actualizar, a lo menos, cada dos años"*.

Que, en virtud de dicho mandato legal, la Subsecretaría de Pesca y Acuicultura mediante la Resolución Exenta Nº 3115 del año 2013 estableció la nómina nacional de pesquerías artesanales.

Que, el numeral 4º de la Resolución Exenta Nº 3115, establece una serie de reglas que el Servicio Nacional de Pesca y Acuicultura debe aplicar e implementar de oficio, en cumplimiento a lo dispuesto en el numeral precedente de la misma

Resolución, teniendo en consideración los literales a) y b) acápite de peces y crustáceos para las categorías de armador artesanal y pescador artesanal propiamente tal y el literal c) acápite de recursos bentónicos para las categorías de recolector de orilla, alguero o buzo apnea y buzo mariscador.

Que, el literal a) del acápite de peces y crustáceos del numeral 4º de la Resolución Exenta N° 3115 del 2013, establece que *al "armador artesanal o pescador artesanal propiamente tal que tenga inscrita en la especie objetivo y el arte o aparejo de pesca señalado en la pesquería indicada: se inscribirá la totalidad de la fauna acompañante que no se encuentre con alguna restricción de acceso, a menos que este armador o pescador tenga inscrita la especie con acceso cerrado previamente".*

Que, en conformidad con la disposición precedente las especies que constituyen la pesquería deberán ser incorporadas como recursos autorizados, en los registros de los armadores o pescadores artesanales (que tengan autorizada la pesquería con su respectivo arte y/o aparejo de pesca), siempre que dichas especies no se encuentren con restricción de acceso, según los artículos 20º, 24º, 39º, 40º y 50º de la Ley General de Pesca y Acuicultura.

Que, el literal b) del acápite de peces y crustáceos del numeral 4º de la Resolución Exenta N° 3115 del 2013, establece que *al "armador artesanal o pescador artesanal propiamente tal que tenga inscrita una más de las especies que constituyen fauna acompañante con el arte o aparejo de pesca definido la especie objetivo: se inscribirá la fauna acompañante que no se encuentre sometida a restricciones de acceso a la pesquería respectiva".*

Que, atendida dicha disposición, a los armadores artesanales y pescadores artesanales propiamente tales que tengan inscrita una o más de las especies que constituyen una determinada pesquería con su respectivo arte y/o aparejo de pesca se incorporarán todas las especies que constituyen las respectivas pesquerías definidas por la Resolución Exenta N° 3115, ya citada, con el mismo arte y/o aparejo de pesca. No se deberá inscribir el recurso de la pesquería y las especies que constituyen la pesquería que se encuentren con acceso cerrado según los artículos 20º, 24º, 39º, 40º y 50º de la Ley General de Pesca y Acuicultura.

Que, el literal c) del acápite de recursos bentónicos del numeral 4º de la Resolución Exenta N° 3115 del 2013, establece que *"Se ampliará la inscripción para todos aquellos recursos pertenecientes a uno de los tres subgrupos identificados, en los cuales el buzo mariscador y/o recolector de orilla, alguero o buzo apnea presente al menos una especie actualmente inscrita. En el caso de pescadores artesanales, la misma corrección se efectuará si cumplen con las condiciones señaladas en el párrafo anterior.*

Esta disposición es de acción inmediata y se efectuará de oficio. No obstante esto, dicha disposición no aplicará para recursos en estado de plena explotación declarada, presentes en cada uno de los subgrupos”.

Que, de la norma citada, se desprende que a los buzos mariscadores y recolectores de orilla, alguero o buzo apnea se incorporarán aquellas especies asociadas correspondientes a cada uno de los tres subgrupos de pesquerías bentónicas artesanales identificadas por región y definidas en la parte quinta a séptima de la Resolución Exenta N° 3115, sea que tengan inscrita la pesquería o bien una especie asociada a la misma, salvo que ésta se encuentre en estado de plena explotación declarada, atendido los cierres de acceso establecidos de conformidad con el inciso segundo del artículo 50 de la Ley General de Pesca y Acuicultura.

Que, sin perjuicio de lo señalado en los considerando anteriores, la aplicación de las letras a) y b) del acápite de peces y crustáceos y c) del acápite de recursos bentónicos del numeral 4° de la Resolución Exenta N° 3115, ya citada, se sujetará a las siguientes directrices:

- Se aplicarán las disposiciones del numeral 4° de la Resolución Exenta N° 3115, a las pesquerías y especies que la constituyen que se encuentren definidas en dicha resolución y sus modificaciones.
- La aplicación de estas disposiciones abarcará los registros de los armadores artesanales, pescadores artesanales propiamente tales, buzos mariscadores y recolectores de orilla, algueros, o buzos apneas, por región, pesquería, especies que la constituyen, arte y/o aparejo de pesca y categoría inscrita.
- Los armadores artesanales, pescadores artesanales propiamente tales, buzos mariscadores y recolectores de orilla, algueros, o buzos apneas deberán estar activos en el Registro Pesquero Artesanal por lo que no se aplicará ni implementará lo establecido en el numeral 4° de la Resolución en comento, respecto de los pescadores artesanales y sus embarcaciones cuyas inscripciones hayan sido declaradas caducadas mediante las Resoluciones Exentas N° 5133, 5134 y 5135, todas del 30 de junio del 2016 del Servicio Nacional de Pesca y Acuicultura, exceptuándose a los pescadores artesanales y embarcaciones que por modificación a éstas hayan sido excluidos de la caducidad.
- No se aplicará ni implementará lo establecido en el numeral 4° de la Resolución Exenta N° 3115, respecto de las pesquerías y especies que la constituyen que no se encuentren autorizadas en la inscripción de armadores artesanales, pescadores

artesanales propiamente tales, buzos mariscadores y recolectores de orilla, algueros, o buzos apneas y que se encuentren con su acceso cerrado declarado de conformidad con lo establecido en los artículos 20º, 24º, 39º, 40º y 50º de la Ley General de Pesca y Acuicultura.

- No se aplicará ni implementará lo establecido en el numeral 4º de la Resolución Exenta N° 3115, respecto de las listas de espera constituidas en las inscripciones de armadores artesanales, pescadores artesanales propiamente tales, buzos mariscadores y recolectores de orilla, alguero o buzo apnea.
- Que, serán implementadas y aplicadas las disposiciones contenidas en las letras a), b) y c) del numeral 4º de la Resolución Exenta N° 3115 del 2013, mediante un proceso informático llamado "Migración de datos RPA modelo RS. 3115" el cual realizará la migración y transferencia de datos a los registros correspondientes, llamado "Implementación masiva de la RS. 3115 en el Registro Pesquero Artesanal", del cual se extraerán listados de pescadores artesanales y embarcaciones, por región, número de inscripción en el Registro Artesanal y pesquerías definidas para la región de conformidad con lo dispuesto en la Resolución Exenta N° 3115, ya citada.

Que, ya efectuado el proceso descrito anteriormente y en cumplimiento con las directrices y reglas señaladas, el Servicio Nacional de Pesca y Acuicultura, procederá a incorporar de conformidad a lo establecido por el numeral 4º letras a) y b) para peces y crustáceos y c) para recursos bentónicos, las pesquerías y especies que las constituyen definidas en la Resolución Exenta N° 3115, a los armadores artesanales, pescadores artesanales propiamente tales, buzos mariscadores y recolectores de orilla, alguero o buzo apnea que por región se indican en lo resolutivo de este acto.

Que, se hace presente que la incorporación de especies a los registros artesanales en las categorías de pescador artesanal propiamente tal, buzo mariscador, recolector de orilla, alguero o buzo apnea y armador artesanal se verá reflejada en los Certificados de inscripción a los que podrán acceder los pescadores ya sea solicitándolos en las oficinas del Servicio a lo largo del país o bien a través de la página web del Servicio Nacional de Pesca y Acuicultura (www.sernapesca.cl), ingresando al banner "Servicios WWW" seleccionando el link Sistema de Trazabilidad e ingresando el nombre de usuario y clave previamente proporcionada por el Servicio.

RESUELVO:
